

report to the responsible Minister(s) within the prescribed timeline may be directly impacted by any outstanding required information. Failure to address the deficiencies before the NIRB resumes the screening process may result in a suspension of the Board's assessment activities pursuant to Section 144(2) of the NuPPAA until the information is provided.

If Kudlik Construction determines that the time required to supply the required information is significantly greater than 2 weeks, the Board requests written notification and an anticipated date for submission be provided as soon as possible.

Please direct all forthcoming submissions to the NIRB at [info@nirb.ca](mailto:info@nirb.ca) or via fax at **(867) 983-2594**.

If you have any questions or require additional clarification, please contact the undersigned directly at (867) 983-4606 or [hiasmussen@nirb.ca](mailto:hiasmussen@nirb.ca).

Sincerely,

Heather Rasmussen, MEnv-EA  
Technical Advisor  
Nunavut Impact Review Board

cc: Phyllis Beaulieu, Nunavut Water Board  
Mike Immaroitok, Nunavut Government – Community and Government Services

Attachments: Appendix A: Information Request #:1  
NIRB Part 2 Form

**Appendix A: Information Request # 1**  
**for Kudlik Construction Ltd.'s "Backup Asphalt Plant to IIAIP Project and Batch Plant"**  
**proposal pursuant to Section 144(1) of the Nunavut Planning and Project Assessment Act**  
**NIRB File No. 15XN046**

**1. Topic/Issue: Regulatory Authority associated with the proposed project**

**Reference:** Section 2 of the NIRB Part 1 Summary Application Form: Authorization Needed

**Rationale:** Information is required on authorization(s) to determine the Responsible Minister who has the jurisdictional responsibility for authorizing a project to proceed.

**Request:** Provide list of Regulatory Authorities associated with the proposed project and all authorizations, permits and licences applied for and/or associated with the proposed project.

**2. Topic/Issue: Translated version of the NIRB Part 1 Summary Application Form**

**Reference:** Preamble to the NIRB Part 1 Summary Application Form

**Rationale:** Translated version of the NIRB Part 1 form is required in order for unilingual community organizations and members to provide comments on the proposal.

**Request:** Provide NIRB Part 1 Summary Application Form in Inuktitut.

**3. Topic/Issue: Non-technical Project Proposal Summary in English and Inuktitut**

**Reference:** Section 4 of the NIRB Part 1 Summary Application Form: Non-technical Project Proposal Description

**Rationale:** Summaries in English and Inuktitut are required to assist parties to understand the proposal in a non-technical format.

**Request:** Provide the non-technical summary pursuant to Section 4 of the NIRB Part 1 Summary Application Form in English and Inuktitut.

**4. Topic/Issue: NIRB Part 2 Project Specific Information Requirement Form**

**Reference:** Section 3 of the NIRB Part 2 Project Specific Information Requirement Form: Project Proposal Description

**Rationale:** No information provided on the proposed activities and associated components, on the potential environmental and socio-economic impacts, and on the proposed mitigation and monitoring measures related to the proposal.

**Request:** Provide the following completed sections from the NIRB Part 2 Project Specific Information Requirement Form:

▪ Sections 1 through 2

- Map details should include provision of project coordinates and detailed maps should be provided noting all proposed activities and components with proximity to the potentially affected community(ies) and existing infrastructure.
- Transportation details should include but not be limited to the following information: transportation of construction materials to develop the facility, transportation of the end product, and transportation of the materials once the project has been completed and decommissioning occurs.

- *Section 3-I: Project Specific Information - Municipal and Industrial Development*
  - *Provide information related to proposed maintenance of the facility, including scheduling and reporting.*
  - *Provide details on training of staff.*
- *Section 4 through 6*
  - *Provide information regarding the existing environment, predicted impacts and proposed mitigation measures and monitoring related to the proposed project.*
- *Section 7: Supporting Documents*
  - *Emergency Response Plan*
  - *Spill Prevention Plan*
  - *Waste Management Plan*
  - *Air and Water Quality Management Plans*
    - *Should include proposed mitigation measures referencing any dust and odour mitigation measures*
  - *Wildlife Management Plan*
  - *Decommissioning Plan*
  - *Remediation Plan*
- *All plans should include proposed mitigation measures and monitoring programs, and should include references to the life cycle of the proposed project (i.e., including construction, operations, decommissioning and remediation).*
