**RE: DEWLine Clean Up Project Monitoring Reports**

Hi Phyllis,

Please find enclosed copies of monitoring reports for DEWLine sites not under construction and that had a monitoring event take place within the 2011 field season. Sites included in this package are: PIN-3, CAM-1, CAM-3, CAM-4, CAM-5 and FOX-M. Defence Construction Canada on behalf of the Department of National Defence is submitting to the Nunavut Water Board copies of the reports in order to full fill the Water Use Permit reporting requirements.

Should you have any additional questions or comments please do not hesitate to contact me.

Sincerely,

Tamara Van Dyck BSc  
Environmental Project Coordinator
