The Nunavut Water Board ("NWB") acknowledges receipt on August 11, 2017 of your amendment water licence application, for the CAM-E Keith Bay Site Remediation Project. This application has been assigned file number 1BR-KEI1722. Please refer to this number on future submissions. Application documents received are as follows:

- Amendment Application
- Application Clarification

Please be advised that under the Nunavut Land Claims Agreement (NLCA), Article 11, Section 11.5.9 and s. 76 (1) of Nunavut Planning and Project Assessment Act (NuPPAA), the proponent of a project governed by NuPPAA is also required to submit a project proposal document (which may include the water licence application) directly to the Nunavut Planning Commission (NPC or Commission) for the NPC's determination regarding the applicable land use planning requirements and/or directions regarding whether the project is subject to screening by the Nunavut Impact Review Board. In particular, please note that as established under Articles 11, 12 and 13 of the NLCA, NuPPAA and Part 3 of the Nunavut Waters and Nunavut Surface Rights Tribunal Act, until the project has completed the applicable land use planning and assessment process required by the NPC and the NIRB, the NWB cannot issue a water licence. The NWB confirms receipt of NPC conformity under NuPPAA on September 11, 2017 and NIRB determination through NPC under NuPPAA on September 11, 2017. This application is now ready for review and comments. Deadline for submissions is **October 2, 2017**. Inuktitut notice of amendment application will follow shortly.
