**RE: Licence No. 1BR-KEI1722 Type “B”; CAM-E (Keith Bay) Site Remediation Project,  
Crown-Indigenous Relations and Northern Affairs; 2018 Annual Report Review**

---

Dear Charlotte Lamontagne, Dele Morakinyo:

The Nunavut Water Board (NWB or Board) has completed the technical review of the 2018 Annual Report (Report) for Type “B” Water Licence 1BR-KEI1722 (Licence). The Report was received on April 30, 2019 from Crown-Indigenous Relations and Northern Affairs (CIRNA or Licensee), submitted as a requirement under Part B of the Licence.

Copies of all documents received during Report review can be accessed through the NWB’s Public Registry and FTP site using the following link:

[ftp://ftp.nwb-oen.ca/registry/1%20INDUSTRIAL/1B/1BR%20-%20Remediation/1BR-KEI1722%20CAM%20E%20Keith%20Bay/3%20TECH/1%20GENERAL%20\(B\)/2%20ANNUAL%20RPT/2018/](ftp://ftp.nwb-oen.ca/registry/1%20INDUSTRIAL/1B/1BR%20-%20Remediation/1BR-KEI1722%20CAM%20E%20Keith%20Bay/3%20TECH/1%20GENERAL%20(B)/2%20ANNUAL%20RPT/2018/)

On April 30, 2019, the NWB distributed the Report the Kitikmeot distribution list for information. No comments have been received to date.

The NWB’s technical review of the Report found that additional information is necessary to meet the following requirements of the Licence:

- Part B, Item 1(j) is a requirement for a provision of as-built drawings. The Board thanks the Licensee for providing the drawings in the Report; however, the Board notes that the drawings for engineering facilities are supposed to have Engineer’s stamp and signature.

To date, the NWB has no record of receiving this information. The Licensee is requested to address the issue within the 2019 Annual Report.

If you have any questions, please contact the undersigned at [assol.kubeisinova@nwb-oen.ca](mailto:assol.kubeisinova@nwb-oen.ca) or (867) 360 6338 (ext. 31).

Best regards,

Assol Kubeisinova  
Nunavut Water Board  
Technical Advisor
