

# PART 1 FORM PROJECT PROPOSAL INFORMATION REQUIREMENTS

To access NIRB documents, project screenings, and project reviews please visit the Nunavut Impact Review Board's ftp site <a href="http://ftp.nirb.ca/">http://ftp.nirb.ca/</a>. The NIRB's website (<a href="www.nirb.ca">www.nirb.ca</a>) is currently under construction. Please contact <a href="mailto:info@nirb.ca">info@nirb.ca</a> should you have any questions or require further information.

## **IMPORTANT!**

Please be advised that your application will not be processed until the Sections 1 - 9 are completed in their entirety, in both English and Inuktitut (+ Inuinnagtun, if in the Kitikmeot).

SECTION 1: APPLICANT INFORMATION						
1.	Project Name FOX-D (Kivitoo, Nunavut) S	Site Re	mediation Pro	ject		
2.	Applicant's full name and mailing address:					
	Aboriginal Affairs and Northern Development (AANDC)	Canad	Phone: a Fax: Email:			
3.	3. Primary contact's full name and mailing address:  Mark Yetman			(819) 934-1188 819-934-9229		
	Senior Project Advisor, AANDC		Fax: Email:	Mark.yetman@aandc.gc.ca		
1.	SECTION 2: AUTHORIZATION NEEDED  1. Indicate all authorizations associated with the project proposal:					
x x 	Regional Inuit Association (RIA)  Nunavut Water Board (NWB)  Nunavut Planning Commission (NPC)  Government of Nunavut (GN)  Community Government & Services (CG&S)  Culture and Heritage (CH)  Nunavut Research Institute (NRI)  Aboriginal Affairs and Northern Development Canada (AANDC)  Canadian Launch Safety (CLS)  Canadian Vildlife Service (CWS)  Department of National Defense (DND)  Environment Canada (EC)  Fisheries and Oceans Canada (DFO)  Hamlet  Other (please specify):					
	their expiry date(s):  None					

3.	List the pending* permits, licenses, or other	er authorizations related to the project proposal:					
	- Nunavut Water Board "General Water Licence Application" (appendix 2)						
	- QIKIQTANI INUIT ASSOCIATION - Access	to Inuit Owned Land Permit (appendix 9)					
	- Aboriginal Affairs and northern Developmen	t Canada Land Use Permit (appendix 10)					
	-Nunavut Planning Commission Land-Use Co	informity (Appendix 1)					
*Ple	ease provide a copy of all applications to the NIRB.						
4.	Has this project or <u>any components of this project</u> been previously screened or reviewed by NIRB?						
	☐ YES	x NO					
	If YES, indicate the previous project name and NIRB File No.						
	SECTION 3: PROJECT	PROPOSAL DESCRIPTION					

1. Indicate the type of project proposal (check all that apply)<sup>(1,2)</sup>: (See Appendix A for Project Type Definitions)

All-Weather Road/Access Trail		9	Site Cleanup/Remediation	X
Winter Road/ Winter Trail		10	Oil and Natural Gas Exploration/Activities	
Mineral Exploration		11	Marine Based Activities	
Advanced Mineral Exploration		12	Scientific/International Polar Year Research*	
Mine Development /Bulk Sampling		13	Harvesting Activities*	
Pits and quarries		14	Tourism Activities*	
Offshore Infrastructure (port, break water, dock)		15	Other <sup>(2)</sup> :	
Seismic Survey				
	Winter Road/ Winter Trail  Mineral Exploration  Advanced Mineral Exploration  Mine Development /Bulk Sampling  Pits and quarries  Offshore Infrastructure (port, break water, dock)	Winter Road/ Winter Trail  Mineral Exploration  Advanced Mineral Exploration  Mine Development /Bulk Sampling  Pits and quarries  Offshore Infrastructure (port, break water, dock)	Winter Road/ Winter Trail  Mineral Exploration  Advanced Mineral Exploration  Mine Development /Bulk Sampling  Pits and quarries  Offshore Infrastructure (port, break water, dock)  10  11  12	Winter Road/ Winter Trail  10 Oil and Natural Gas Exploration/Activities  Mineral Exploration  11 Marine Based Activities  Advanced Mineral Exploration  12 Scientific/International Polar Year Research*  Mine Development /Bulk Sampling  13 Harvesting Activities*  Pits and quarries  Offshore Infrastructure (port, break water, dock)  15 Other (2):

## Please note:

- 1. All project types listed above, except those marked with an asterisk (\*), will also require the Proponent to submit a **Part 2 Project Specific Information Requirement (PSIR) Form**. The NIRB application process will not be considered complete without the Part 2 PSIR Form.
- 2. Please be advised that in order to complete the NIRB process, the NIRB may request additional information at any time during the process.
- 3. If "Other" is selected, contact NIRB for direction on whether a Part 2 PSIR Form is required.

Base Metals (zin					
Dago Miciaio (ZIII)	c, copper, c	gold, silver, etc)			
Diamonds	-,, - , 5	, , , , , , , , , , , , , , , , , , , ,

became part of the Auyittuk National Park. FOX-D was within Auyuittuq National Park under the management of Parks Canada until 1992, when custody of the site was transferred to AANDC (form Indian and Northern Affairs Canada (INAC)).	ierly
<b>6c.</b> Discuss the history of the site if it has been used for any project activities in the past.	
FOX-D (Kivitoo) was an Intermediate Distant Early Warning (DEW) Line Site constructed in 1957 and operated until October 1963. (Further details are provided in section 4 of this application.)	ıd
<b>6d.</b> Indicate if there are any known archaeological/palaeontological historical sites in the area. Please see attached Archaeological Site Assessment for Fox-D which can be found in appendix 6.	
7. Land Status (check all that applies):  X Crown Commissioners' Municipal Inuit Owned Surface Lands Inuit Owned Sub-Surface Lands	
8a. Co-ordinates:	
Min Lat (degree/minute)67°55'41.33"NMin Long (degree/minute)64°51'1.34"WMax Lat (degree/minute)67°57'42.31"NMax Long (degree/minute)64°57'58.30"W	
NTS Map Sheet No: 026P15 (Please ensure that maps of the project are attached (1:50,000 if available, 1:250, 000 Mandatory) available from Natural Resources Canada)	
<b>8b.</b> If the project proposal includes a <b>camp</b> , please provide the coordinates of the camp location	
Min Lat (degree/minute) 67°56'3.42"N Min Long (degree/minute) 64°53'24.56"W	
Max Lat (degree/minute) 67°56'3.42"N Max Long (degree/minute) 64°53'24.56"W	
If different from above for the camp:  NTS Map Sheet No: 026P15  Please ensure that maps of the project are attached (1:50,000 if available, 1:250, 000 Mandatory) available from Natural Resources Canada	

Please note that additional location information may be required in a subsequent Project Specific Information Requirement (PSIR) submission. This may take the form of a digital Geographic Information Systems (GIS) file.

## **SECTION 4: NON-TECHNICAL PROJECT PROPOSAL DESCRIPTION**

Please include a non-technical description of the project proposal, no more than 500 words, in English and Inuktitut (+Inuinnaqtun, if in the Kitikmeot). The project description should outline the following:

- The project activities, their necessity and duration;
- Method of transportation;

- Any structures that will be erected (permanent/ temporary);
- Alternatives considered; and
- Long-term developments, the projected outcome of the development for the area and its timeline.

<u>IMPORTANT:</u> IF THE PROPOSED ACTIVITIES REQUIRE SUBMISSION OF A NIRB PART 2 PSIR FORM, PLEASE COMPLETE SECTION 8 ONLY, OTHERWISE CONTINUE ON WITH SECTION 5.

PLEASE SEE APPENDIX 3 FOR THE EXECUTIVE SUMMARY.

1. List equipment to be used (including drills, pumps, aircraft, vehicles, etc.):						
Equipment type and number	Size – dimensions	Proposed use				

**SECTION 5: MATERIAL USE** 

#### 2a. Detail fuel and hazardous material use:

Fuel	Number of Containers and Capacity of Containers	Total Amount of Fuel (in Litres)	Proposed Storage Methods
Diesel			
Gasoline			
Aviation fuel			
Propane			
Other			
Hazardous Materials and Chemicals		Total Amount of Hazardous Materials and Chemicals (in Litres)	

2b. Describe the proposed Spill Prevention Plan.					

## 3a. Detail the anticipated daily water consumption rates

Daily amount (m³)	Proposed water retriev methods		Proposed v	rater retrieval location			
3b. Have you applied for a water License* with the Nunavut Water Board?							
X YE	X YES   NO						
If yes, what class of	licence?						
□ <b>C</b>	lass A Water Licence	X Cla	ss B Water Lice	nce			
	application or licence to the I						
SECTION	6: WASTE DISPOSAL	_ AND T	REATMENT N	METHODS			
	te associated with the pr						
Type of waste	Projected amount generated	Metho	d of Disposal	Additional treatment procedures			
Sewage (human waste)							
Greywater							
Combustible wastes							
Non-Combustible wastes							
Overburden (organic soil, waste material, tailings)							
Hazardous waste							
Otner:	Other:						
2. Describe the proposed Waste Management Plan.							
SECTION 7:	COMMUNITY INVOLV	/EMENT	& REGIONA	L BENEFITS			
List the community representatives that have been contacted and provide the minutes of the meetings if available:							
Community	Name	Or	ganization	Date Contacted			
		1	<u></u>				

## **SECTION 8: GENERAL QUESTIONS**

1. Will you be disturbing any known archaeological sites?

☐ YES

X NO

## **SECTION 9: APPLICANT SIGNATURE**

Please sign and date your application:

Title Manager

Date

## APPENDIX A Project Type Definitions

- **Access Trail**: A project proposal with the objective of providing vehicular access to an area of interest involving minimal alteration to the terrain.
- **Advanced Exploration:** A project proposal with the objective of identifying size, grade, and physical characteristics of a mineral occurrence and to assess the economic and technical feasibility of developing the mineral deposit into a producing mine
- **All-Weather Road:** A project proposal with the objective of road construction for use in all seasons.
- **Bulk Sampling:** A project proposal with the objective of extracting of large samples of mineralized material involving hundreds to thousands of tonnes. Samples are selected as representative of the potential mineral deposit being sampled. May involve crushing/milling (on small-scale)
- **Harvesting activities:** A project proposal with the objective of harvesting animals, marine mammals and/or fish from their natural habitats by means of hunting or trapping for traditional and commercial use.
- **Marine Based Activities:** Any activity occurring in the marine environment, such as vessel use associated with land-based activities or disposal at sea.
  - \*Please note that normal community re-supply or individual ship movements not associated with land-based project proposals shall not be screened by NIRB (Section 12.12.2 of NLCA).
- **Mine Development:** A project proposal with the objective of extracting broken rock with mineralization of sufficient grade and tonnage to sustain commercial mining operations (ore). Mining a body of ore can be achieved by either open pit and/or underground development. Mine development may involve milling. Milling involves treatment of the extracted ore through a combination of mechanical and chemical processes to selectively recover the valuable mineral.
- **Mineral Exploration:** A project proposal with the objective of exploring an area to find geological anomalies. It involves site reconnaissance (ground and/or air) to locate broad and fiscal mineral deposits.
- **Offshore Infrastructure:** A project proposal with the objective of building off loading facilities constructed off the shoreline and connected to the mainland of the marine or freshwater environment. Examples include a jetty, dock, or port facility.
- **Oil and Gas Exploration/Activities:** A project proposal that includes 1) exploration, such as seismic or geological mapping, 2) drilling of oil and gas wells, 3) construction and operation of a pipeline, a gas processing plant or any oil and gas facility within Nunavut.
- **Pits and Quarries:** A project proposal with the objective of pitting, which involves the extraction of granular material (i.e. sands and gravels) and quarrying, which involves the removal of consolidated rock (i.e. bedrock, frozen soil).
- **Scientific Research:** A project proposal with the objective of implementing a series of site activities comprised of observation of phenomena, measurement and collection of data necessary for scientific investigation in designated areas within a limited time period.
- **Seismic Survey:** A project proposal with the objective of conducting a survey to map the depths and contours of rock strata by timing the reflections of sound waves released from the surface. Survey site locations may be offshore (not within 12 nautical miles of any coast), near shore, and extended onshore.
- **Site Cleanups:** A project proposal with the objective of site cleanups (includes DEW line site cleanups), which focuses on the remediation of chemically contaminated soils, stabilization of landfills and dumps, demolition/disposal of infrastructure and debris and monitoring after cleanup is completed.

- **Tourism Activity:** A project proposal with the objective of conducting travel predominantly for recreational, sport or leisure purposes within a designated area and limited time period.
- **Winter Road:** A project proposal with the objective of building a road for winter use by leveling and compacting surface snow and ice. Winter road is removed at end of season.
- **Winter Trail:** A project proposal with the objective of building a trail for winter use by a single pass of a tracked vehicle using a blade, if necessary.
