Good morning Sergey,

Yes, I did receive the Application for Cancellation of Licence document at the beginning of the summer. My understanding was that I needed to submit this document accompanied by the Certificate of Completion issued by our group (Justin's team) after the final inspection. I had the confirmation from the inspector (Joseph Monteith) that he was able to complete his final inspection this summer and I am still awaiting the report to be able to submit the cancellation application to the Water Board. The visit this summer was not an internal inspection but indeed the final inspection required.

Am I to submit the Application for Cancellation now and the Certificate of Completion later?

Thank you very much for the follow up! I also just followed up with Joseph to see where he is at with the Certificate.

Rachel
