Re: 1BR-KIV----, INTERIM SPILL CONTINGENCY PLAN

To Whom It May Concern,

Thank you for the Nunavut Water Board's January 18, 2016 notice of the above mentioned Interim Spill Contingency Plan. This plan was submitted to satisfy the water licence application requirements for Indigenous and Northern Affairs Canada's (INAC) Contaminated Sites Program's FOX-D (Kivitoo) Site Remediation Project that is situated in the Qikiqtani Region.

The submitted plan has been reviewed pursuant to INAC's mandated responsibilities under the *Nunavut Waters and Nunavut Surface Rights Tribunal Act* and the *Department of Indian Affairs and Northern Development Act*.

This plan is considered to be adequate for the water licence application. This plan will be finalized once a contractor has been hired to complete the necessary remediation work.

Please do not hesitate to contact me by telephone at 867-975-4555 or email at David.Abernethy@aandc-aadnc.gc.ca for further information.

Sincerely,
