Subject: 8BR-KRK0609 Renewal Application - Requirement for submissions
Date: Thursday, January 21, 2010 3:02:00 PM

Good afternoon David.

The Nunavut Water Board acknowledges receipt of your email of January 19, 2010 requesting clarification on what submissions are required to complete your application for renewal. We apologize for the delay in our response. Further to our email of December 8, 2009, please be advised that:

1. There is still a requirement to submit a Spill Contingency Plan, for review and approval;
2. Provide copies of your annual reports for 2006, 2007 and 2008. The 2009 report is due by the end of March 2010;
3. Please refer to Licence term and condition D9 for the requirement to submit an Operations and Maintenance Manual;
4. Refer to Licence term and condition H1 for the requirement to submit an Interim Abandonment and Restoration Plan;
5. Refer to Licence term and condition I10 for the requirement for a QA/QC plan. This plan will need to be provided to your Accredited Lab for approval, with a copy of the approval letter, from the Lab, forwarded to our office;
6. Our position has changed since 2006 and there is now a requirement for NIRB to screen this project. Please contact them at info@nirb.ca

Regards,

Phyllis Beaulieu

Manager of Licensing
