Subject: Annual Report Requirement NWB5LON0308

Dear Mr. Warren:

The Nunavut Water Board (NWB) has reviewed the "2003 Annual Report for Water License No. NWB5LON0308" submitted on your behalf by the UMA Engineering Ltd. to the Board on March 31, 2004 in accordance with Part B, Item 1 of your water licence. The NWB herein conditionally approves the 2003 Annual Report and thanks Defence Construction Canada for their submission.

It was noted following the review of the Annual Report submitted that additional information is required by the NWB, in relation to your 2003 operations. The 2003 Annual Report does not indicate the daily water usage, as required by Part B, Item 1 (i) of water license NWB5LON0308. Additionally, an executive summary of the Annual Report in both English and Inuktitut, as required by Part B, Item 1 (xv) was not provided with the Annual Report. Finally, the Licensee is requested to provide a record of any public consultation undertaken, in accordance with Part B, Item 1 (x) of NWB5LON0308. The Licensee is herein requested to submit this information to the NWB, as an addendum to the approved 2003 Annual Report.

Please contact the undersigned at (867) 360-6338 or e-mail Jim Wall (Technical Advisor, Municipal) at tech1@nwb.nunavut.ca if you have any questions.

Sincerely,
