**Re: 1BR-LON0813 – Annual Report, 2008 – Defence Construction Canada
– FOX-2 Longstaff Bluff, DEW Line Site**

Please be advised that Indian and Northern Affairs Canada (INAC) has completed a review of Defence Construction Canada Type “B” Water License 2008 Annual Report for the FOX-2 Longstaff Bluff, DEW Line Site. The NWB circulated the Report for information purposes only, on April 16, 2009. All associated documents related to this license posted on your ftp site under 1BR-LON were included in my review (see attached Technical Review Memo).

Should you have any questions or comments, please do not hesitate to contact me at (867) 975-4738 or by email at Andrea.Cull@inac.gc.ca.

Yours truly,

**Re: 1BR-LON0813 – Annual Report, 2008 – Defence Construction Canada
– FOX-2 Longstaff Bluff, DEW Line Site**

The 2008 Annual Report satisfactorily addressed the applicable requirements of Part B, Item 1 of the current water licence #1BR-LON0813. Most of the conditions under the water licence were not applicable this year as no work occurred at the site in 2008. DCD did submit electronic copies of an updated Spill Contingency Plan, a Monitoring Plan, a Post Closure Monitoring Plan, QA/QC Plans, and an Operation and Maintenance Plan, as per requirements of the water use license for FOX-2. It is anticipated that construction work will begin in the 2009 construction season. As such, it is expected that the licensee will provide all applicable information in their Annual Report.
