Good morning Mike, as Karen already indicated to you AANDC will provide a final clearance for the NWB to close this file. Any reclamation information you can provide with your application to cancel will assist in the determination

Hi Phyllis,

As discussed with you previously, TC would like to proceed with the cancellation of the above water license. Section 9 of the Cancellation Application indicates that an Application for Certificate Completion is required to accompany the cancellation application. I'm not sure where this is on the ftp site, would you be able to send me this or let me know where I can get it ...

Thanks,

Mike
