ok, thank you!

On a similar note, we have had some problems this year hiring a contractor to sample, turn and upgrade the LTU as described in the Franz report that I provided. We put a tender out and received only 2 proposals. Both did not pass so we could not award the contract. It is now mid September and we will not have time to retender the contract. Therefore, no additional work has been completed this field season. I thought I should mention this now since the annual report will be due soon.

We want to retender the contract early 2011, hopefully we will get more interest and better proposals. I talked to a few contractors in the area (Iqaluit) they mentioned they have lots of work and small jobs like this one are not a priority. If you have any questions please contact me.

Regards,

Mike

Subject: Submission of 2009 Annual Report – 1BR-LTU1013

Dear Mr. Molinski;

I was reviewing your submissions, and I'd like to make you aware that an annual report form should be used for the annual report submissions. These forms are available at Nunavut Water Board FTP site. The link is the following: <ftp://nunavutwaterboard.org/>

Regards,
