A complete description of the project proposal reviewed by the Nunavut Planning Commission (NPC) can be accessed online using the link below.

previously reviewed by NPC and a decision was issued on 11 March 2022, which still applies. In addition, the works and activities were previously screened by the Nunavut Impact Review Board (NIRB File No.: 05DN122).

The above-noted project proposal is exempt from screening by the NIRB because the NPC is of the understanding that it does not change the general scope of the previously amended project activities, and the exceptions noted in Section 12.4.3 (a) and (b) of the *Nunavut Agreement* do not apply.

By way of this letter, the NPC is forwarding the project proposal to the regulatory authorities identified by the proponent. Project materials are available at the following address:
<https://lupit.nunavut.ca/portal/registry/registry.aspx?appid=150405>.

This decision applies only to the above noted project proposal as submitted. Proponents may not carry out projects and regulatory authorities may not issue licenses, permits and other authorizations in respect of projects if a review by the NPC is required.

If you have any questions, please do not hesitate to contact me at (867) 979-3444.

Sincerely,
