Re: Mackar Inlet Project

The Nunavut Water Board received an application for a new water license from Defence Construction Canada for water use and waste disposal associated with a camp and site investigation for future DEW Line Cleanup activities.

Notice of this application has been posted at local organizations in Igloolik and Hall Beach.

All documents, pertaining to this application, are available through the internet on our ftp site at <ftp://ftp.nwb.yk.com> in the folder "NWB5MAC" as well as three subfolders.

NWB5MAC has been reviewed by NPC for conformity with the appropriate land use plan, has been screened by NIRB, and can now be processed by NWB. Parties involved in NIRB's screening can send their comments directly to NIRB as per their instructions. For all other parties, the Nunavut Water Board is accepting written concerns and comments with regards to this project before **July 31, 2002**.

Sincerely,
