Subject: Defence Construction Canada Ltd. – CAM-5 Project – DEWLine Cleanup – Type “B”

Dear Ms. Schulz:

The Nunavut Water Board (“NWB”) acknowledges receipt of your new application for a Type “B” water license on September 28, 2005, for water use and waste disposal associated with environmental cleanup and camp operations for the CAM-5 Project, in the Qikiqtani region of Nunavut. The application can be obtained from our ftp site at the following link: <http://nunavutwaterboard.org/ftp/> or by contacting our office. The application includes the following documents:

- cover letter dated August 31, 2005
- water license application form
- supplementary questionnaire
- executive summary in Inuktitut & English
- application for land use permit
- maps, drawings, photos
- project description for the cleanup of CAM-5 Mackar Inlet DEW Line site
- letter dated February 23, 2006 from UMA to Technical Advisor NWB

We undertook a preliminary review of your application and conclude that it meets the requirements of section 48(1) of the *Nunavut Waters and Nunavut Surface Rights Tribunal Act* (“Act”). This said, I must inform you that the NWB reserves the right to request additional information and studies pursuant to sections 48(2) of the Act or, alternatively, issue guidelines for the provision of information pursuant to section 48(3) of the Act.

A NWB Technical Advisor may be in touch with you to clarify any technical details related to your application.

This application is within an area where there is no land use plan approved in accordance with Part 5 of Article 11 of the NLCA, and is therefore not subject to the requirements of Section 38 (1) to 38 (5) of the Act.

Finally, by copy of this letter to the distribution list and the enclosed notice of application sent to the council of the municipality or municipalities most affected by your application, we invite interested persons to make representation directly to the NWB **within 30 days from the date of this letter.** Take note that included in the application is a Spill Contingency Plan, Abandonment and Restoration Plan and a Monitoring Plan which require review and comment. The NWB may provide additional procedural instructions once the application has been reviewed by interested parties.

Sincerely,

*Original signed by:*
