Subject: UMA Engineering Ltd. / Defence Construction Canada – New Application Conformity Review- CAM-5, Mackar Inlet Dew Line Site

The Nunavut Water Board received an application for a new licence on May 1, 2002 from UMA Engineering Ltd. on behalf of Defence Construction Canada for water use and waste disposal associated with camp and Dew-Line Clean-Up activities. **Please review and advise if this application falls within the boundaries of the Keewatin Planning region.**

In accordance with S.11.5.10 of the *Agreement Between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in Right of Canada*, this project proposal shall be reviewed by the Nunavut Planning Commission, if it does fall within the boundaries, to determine conformity with an approved land use plan, before it can be processed by the Nunavut Water Board.

The application documents are available through the internet on our ftp site at <ftp://ftp.nwb.yk.com> in the folder “NWB5MAC.”

Upon completion of the review, please forward the project proposal with your determination and any recommendations to our office or other appropriate federal or territorial agencies as required. The Nunavut Water Board would appreciate receiving a copy of any correspondence that would indicate the status of the conformity check.

Sincerely,  
***Original signed by***
