Nunavut Water Board:

Re: Iqaluit Metal Dump Remediation and Risk Management Project

Transport Canada (TC) is submitting applications for the **Iqaluit Metal Dump Remediation and Risk Management Project**. Please find a copy of the Water Licence application and supporting documents attached. Two original paper copies have been sent to your office via mail.

The Iqaluit Metal Dump Remediation and Risk Management Project is located approximately 1.7 km southwest of the city of Iqaluit, Nunavut. In addition to applying for a water License through the Nunavut Water Board, TC is also applying for an INAC Land Use Permit and a submission has been sent to the Nunavut Impact Review Board (NIRB).

The Iqaluit Metal Dump Remediation and Risk Management Project application package includes:

- *NWB Water License Application*
- *Executive Summary – English*
- *Executive Summary – Inuktitut*
- *Supplementary Information Requirements*
- *NIRB Project Application – English*
- *NIRB Project Application - Inuktitut*
- *Site Maps & Figures*
- *Summary of Potential Environmental and Resource Impacts*
- *INAC Land Use Permit Application*
- *Phase I&II Environmental Site Assessment*
- *Field Report – Phase III Environmental Site Assessment*

If you have any questions, comments or need information, please do not hesitate to contact the Project Manager, Mike Molinski by email at michael.molinski@tc.gc.ca or by telephone at (204) 984-0440.
