RE: Transport Canada Application for a New Water Licence for the Former Iqaluit Metal Dump Remediation Project

Attached please find the completed General Water Licence Application Form for the Former Iqaluit Metal Dump Remediation. Transport Canada previously applied to the NWB and subsequently withdrew the application (IBR-MDR).

This application package includes the following documents:

- General Water Licence Application;
- Executive Summary – English
- Executive Summary - Inuktitut;
- Figures 1 and 2
- Letter of Notice to Interested Parties and associated correspondence
- Letter from NPC to TC regarding conformity determination
- Letter from NIRB to TC requesting submittal of application
- Spill Contingency Plan
- Summary of Potential Environmental and Resource Impacts
- Final Remedial Action Plan - Former Iqaluit Metal Dump - Site Remedial Activities Supervision and Monitoring Program at the FTA, January 2017, Arcadis Canada Ltd.

One CD is enclosed which includes the Final Remedial Action Plan as it is too large to e-mail.

Please contact me by phone at 204-979-1739 or by email at jackie.barker@tc.gc.ca should have any questions or require additional information.

Sincerely,

Jackie Barker
Environmental Officer
Transport Canada
