Hi Ida / Nunavut Water Board (NWB),

Consequent upon our request below and your subsequent granting of the request by extending the review period, our consultant (STANTEC Consulting Company) has conducted a new review of the documents relating to the Surface Water Monitoring Plan (SWMP).

STANTEC has produced the attached memo to clarify issues of concern expressed by the stakeholder (INAC Water) and the memo is hereby attached to this email. We believe that this memo has addressed the stakeholder's concerns.

Please do not hesitate to get back to me (using the details below), should you require further clarifications.

Thanks

>>> Dele Morakinyo Friday, April 15, 2016 11:14 AM >>> Hi Ida / Nunavut Water Board (NWB).

The Indigenous and Northern Affairs Canada (INAC) Water group, one of the reviewers of the Surface Water Monitoring Plan (SWMP), has pointed our attention to certain details that require to be corrected in the SWMP that was submitted to your office regarding the Nottingham Island Remediation Project. The group also informed us that they secured, from Nunavut Water Board (NWB), an extension of the review period to April 18, 2016.

We have contacted our consultant (Stantec) that authored the SWMP and he has advised us that he will need up to the end of the month of April to fix the mistakes in the plan. We are, therefore using this medium to request that the review period for this document be extended to April 29, 2016 to allow us time to fix the errors.

Please do not hesitate to get back to me (using the details below), should you require further clarifications.

Thanks

NOTICE TO ALL PARTIES:

The Nunavut Water Board ("NWB") acknowledges receipt of a submission from Indigenous and Northern Affairs Canada, previously (AANDC) entitled Surface Water Monitoring Plan, received on December 14, 2015 as a requirement of Part K, Item 2 of the current water license. This submission has been placed on the NWB public registry and is available from the NWB ftp site at the following link:

ftp://ftp.nwb-oen.ca/1%20PRUC%20PUBLIC%20REGISTRY/1%20INDUSTRIAL/1B/1BR%20-% 20Remediation/1BR-NIR1419%20DIAND/3%20TECH/9%20MONITORING%20(K)/SWMP%20K,2/

The NWB gives interested persons/parties thirty (30) days to review the submission and make representations to the NWB. All representations shall be submitted to the NWB by mail, fax or email before April 4, 2016, 5:00 pm Mountain Standard Time. At the end of the review period the NWB will review all submissions and you will be contacted should concerns arise or should additional information be needed. Thank you.
