PROTECTING OUR ARCTIC ENVIRONMENT

December 27, 2017

To Whom It May Concern;

Enclosed are the hard copies of our application for water license renewal as submitted by email on December 19, 2017. This package includes the following (listed in order):

1. Introduction letter (english version)
2. Application for Water License Renewal Form / Checklist
3. Cheques for application fees
4. Topographical and satellite maps (as requested on block 5)
5. Nunavut Planning Commission Letter & NWB acknowledgement (as requested on block 7)
6. Financial security plan (as requested on block 21)
7. Evidence of company registration (as requested on block 22)
8. Financial statements - income statement & balance sheet (as requested on block 22)
9. Installation & construction details of monitoring wells report
10. Design drawings & cell construction report
11. Site operations manual
12. Revised spill contingency plan
13. Abandonment & restoration plan

The remaining documents - specifically the Inuktitut summary of renewal application - will be submitted at a later date as outlined on the application checklist. We trust that any other requirements can be provided upon request.

Sincerely,

Abolak Shov

Pitseolak Shoo
