Re: CHEQUE AND STATUS OF APPLICATION.

Alain called to mentioned that he have received a cheque from DIAND as the original application fee of 30.00 was lost in the processing of the application, NWB requested another cheque payable to Receiver General for Canada. Was received Oct 5, 2004 and send to DIAND, DIAND then returned the cheque to NWB as it was made payable to NWB. BUT!! Mr Carriere received a RECEIPT from DIAND!!

Now he applied for NWB license for land farming in MAY of 2004 and its been 6 months since they have heard anything on the status of the application. I mentioned that this is in the technical stage and he will hear from our SR tech soon. Gave D the message.
