**Re: 1BR-PEE1116 – Cape Peel Project – Amendment Application –
Contaminated Sites – Aboriginal Affairs and Northern Development
Canada.**

Please be advised that Aboriginal Affairs and Northern Development Canada (AANDC) has completed a review of the Amendment Application for the Cape Peel Project prepared by the Contaminated Sites branch of AANDC for water license 1BR-PEE1116. The Nunavut Water Board (NWB) circulated the Amendment Application for comments on March 21, 2012. All documents related to the application posted on the NWB ftp site under 1BR-PEE1116 were included in my review (See attached Technical Review Memo).

Should you have any questions or comments, please do not hesitate to contact me at (867) 975-4282 or by email at Ian.Parsons@aandc.gc.ca.

Sincerely,

Original signed by

Ian Parsons
Regional Coordinator

Cc. Murray Ball, Manager of Water Resources – AANDC, Nunavut Regional Office

Technical Review Memorandum

To: Phyllis Beaulieu – Manager of Licensing, Nunavut Water Board

From: Ian Parsons – Regional Coordinator, AANDC.

Re: 1BR-PEE1116 – Cape Peel Project – Amendment Application – Contaminated Sites – Aboriginal Affairs and Northern Development Canada.

Background

Cape Peel is a former Distant Early Warning (DEW) Line Site that was been selected for clean-up by the Federal Contaminated Sites Action Plan (FCSAP). It is situated in the Kitikmeot Region of Nunavut on the South Coast of Victoria Island. The nearest community of Cambridge Bay is located 80 Kilometres to the East.

The Amendment Application activities include:

- 1) Increased Water use from 7m³/day to 10 m³/day
- 2) The addition of a second water source to draw and obtain water from.

Recommendations/Comments

The Amendment Application for Cape Peel Lake Water License Application Number 1BR-PEE1116 is quite well done.

AANDC has no comments in regards to this amendment at this time.

Cc. Murray Ball, Manager of Water Resources – AANDC, Nunavut Regional Office
Andrew Keim, A/Manager – AANDC, Nunavut Regional Office
