Subject: Defence Construction Canada; Submission of a Monitoring Plan for the CAM-4 Pelly Bay DEW Line Site; Licence 1BR-PEL0510

Dear Ms. Schulz;

The Nunavut Water Board ("NWB") acknowledges receipt of the above document under Part J, Item 1 of Licence No.1BR-PEL0510. The Monitoring Plan was distributed upon receipt for review and comment to interested persons with a submission deadline of December 23, 2005.

The technical review of the Monitoring Plan has been completed. Comments on the Plan were received from Environment Canada and should be reviewed by the Licensee. The Board has taken into consideration the information submitted and hereby accepts the Monitoring Plan dated November 2005. The Licensee is instructed to submit within 30 days of the date of this letter an addendum to the plan to address the following:

1. Coordinates of all thermistors at all locations at the site;
2. A clear identification of which landfills have thermistors;
3. Coordinates for soil sampling locations C4-1, C4-2 and C4-3;
4. Coordinates where any sewage waste or greywater is disposed of.

The NWB also notes that the Licensee has not submitted a 2007 annual report. This document shall be submitted within 30 days of the date of this letter.

Should you have any further questions, please feel free to contact me at (867) 360-6338, at your earliest convenience.

Yours truly,

Deon Bridge
Technical Advisor
