Subject: QA/QC Plan

Dear Ms. Schultz:

The Nunavut Water Board (NWB) has reviewed the "Quality Assurance (QA) and Quality Control (QC) for Collection of Water Samples at the CAM-4 (Pelly Bay) DEW Line Site" dated March 2001 submitted in accordance with Part B, Item 2 of the Surveillance Network Program attached to water license NWB5PEL0104 as Schedule I. Following an internal and public review of the document, no significant concerns were raised regarding the submission. The Board has decided to approve the document (Motion #: **2003-21**).

Please note that should changes in operation occur or amendments be made to the licence, the licensee shall revise the QA/QC plan to reflect these changes (if applicable).

Sincerely,
