This letter is in response to file #NWB5QIK0207 and NWB5LON as per letter of distribution dated May 6, 2003.

The Community & Lands Development Committee recently reviewed the file #NWB5QIK0207 and recommended the existing community reservoir be utilised for water consumption, the existing sewer lagoon be utilised for sewer purposes, and the existing community dump be utilised for garbage.

The Community & Lands Development Committee recently reviewed the file #NWB5LON and recommended that you consult with Hall Beach and Igloodlik.

As result, should you require further comments or clarification please contact Mr. Don Pickle, Senior Administrative Officer, or myself at 867-927-8832 during normal business hours.

Yours sincerely,

Peter Kakkie
 Community Land Administrator
