Cc: licensing <licensing@nwb-oen.ca>

Good day Sulaimon. I stopped by your office to come see you, but you weren't in. I hope this email finds you well.

This is a notice of inspection of the 1BR-RAN2131 water licence for the Rankin Inlet Landfarm. As your inspector for the water licence I will be coming to look at your facilities and ensure compliance of the water licence and applicable conditions.

My intention is to conduct the inspection between July 5 and July 7. Please specify which date you prefer to do the inspection. Should you be unavailable I will conduct the inspection in your absence and get someone else from PPD to let me into the landfarm.

Preliminarily can I get the following information:

- Can you provide a general overview of the summers planned activities for the landfarm
- Can you provide comment on the March 15, 2021 inspection report and what activities have been completed as requested by your last inspector
- What is the current status of the planned construction activities

I have attached a copy of your water licence to review prior to visit as well. Should you have any other questions or things you would like to discuss during the inspection please let me know.

Regards, Kyle

Kyle Amsel
