**RE: RESOLUTION ISLAND WATER LICENCE (1BR-RES0308) EXTENSION**

Dear Ms. Beaulieu:

In response to your letter dated November 13<sup>th</sup>, the Department of Indian Affairs and Northern Development (DIAND) would like to request an extension to the Resolution Island Water License 1BR-RES0308. This extension is required to cover the activities as identified in the Long Term Monitoring Plan which was submitted and reviewed by the Board in 2004, see attached.

In addition, as identified in the letter, please find attached the 2007 annual report recording the monitoring activities undertaken at the site. Personnel were onsite for 9 days in late July and early August and used a minimal amount of water (estimated at less than 100L) and did not deposit any wastes as a result of the activities undertaken.

If you have any questions or require additional information please contact the Project Manager, Lou Spagnuolo, at (819) 994-7469 or via e-mail at [spagnuolol@inac.gc.ca](mailto:spagnuolol@inac.gc.ca).

Sincerely,
