Good afternoon,

The Nunavut Water Board ("NWB") acknowledges receipt on March 17, 2011 of your new water license application for the Resolute Bay Landfill Project, file number 1BR-RBL----.

We undertook a preliminary administrative review of your application and conclude that, in accordance with approved legislation under the *Agreement Between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in Right of Canada* ("NLCA"), it does not contain sufficient information for the NWB to commence processing the file at this time. Specifically, we are asking you to provide the following:

- A revised Water Licence Application Form for which answers to all of questions on the form are provided.  
It is suggested that reference be made to the answers that Transport Canada provided on the NIRB Project Proposal Information Requirement Form when revising the Water Licence Application Form
- A comprehensive project specific Spill Contingency Plan; and
- A project summary in Inuktitut
- NPC conformity review or written confirmation from NPC conformity review isn't required

We will resume processing your application once additional information has been received.

Please call the undersigned at (867) 360-6338 or email at [licensingadmin@nunavutwaterboard.org](mailto:licensingadmin@nunavutwaterboard.org)

Regards,
