Subject: Indian and Northern Affairs Canada – Resolution Island (BAF-5) – Request for Screening – Renewal

The Nunavut Water Board received an application for permit renewal on April 7, 2003 from Indian and Northern Affairs Canada for water use and waste disposal associated with the clean up and remediation of abandoned USAF military radar station at Resolution Island (BAF-5).

In accordance with Articles 12 and 13 of the *Agreement Between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in Right of Canada*, this project shall be screened by the Nunavut Impact Review Board to determine whether it has significant impact potential, and whether it requires review, before the application can be processed by the Nunavut Water Board.

The application documents are available through the internet on our ftp site at <ftp://ftp.nwb.yk.com> in the folder “NWB5RES”.

If for any reason, the screening process will be less than 45 days, please let our office know immediately so that we can set our deadline for public concerns accordingly. Please note that this project was previously screened under file number 98D01N074.

Sincerely,
