Progressive Reclamation Work Undertaken

Additional Details (i.e., work completed and future works proposed)

Please see attached report - 2016 Environmental Monitoring - Resolute Bay Airport Land Treatment Units (ARCADIS, December 2016).

Results of the Monitoring Program including:

The GPS Co-ordinates (in degrees, minutes and seconds of latitude and longitude) of each location where sources of water are utilized;

Additional Details:

There was not enough groundwater in the 6 monitoring wells to support the collection of samples using necessary Quality Assurance/Quality Control methods and best practices. As such no groundwater samples were available for analysis.

The GPS Co-ordinates (in degrees, minutes and seconds of latitude and longitude) of each location where wastes associated with the licence are deposited;

Not Applicable (N/A)

Additional Details:

No waste was deposited this year. The existing soils and the condition of the land treatment unit were inspected.

Results of any additional sampling and/or analysis that was requested by an Inspector

No additional sampling requested by an Inspector or the Board

Additional Details: (date of request, analysis of results, data attached, etc)

No additional sampling or analysis was requested this year.

Any other details on water use or waste disposal requested by the Board by November 1 of the year being reported.

No additional sampling requested by an Inspector or the Board

Additional Details: (Attached or provided below)

N/A

Any responses or follow-up actions on inspection/compliance reports

No inspection and/or compliance report issued by INAC

Additional Details: (Dates of Report, Follow-up by the Licensee)

N/A

Any additional comments or information for the Board to consider

TC has are no immediate plans for site closure and/or decommissioning of the Resolute Bay LTUs, but will continue annual monitoring in accordance with its NWB Licence and keep the NWB apprised of its future plans for ongoing operation and maintenance of the LTUs.
