

Resolute Bay Land Treatment Units Facility

Transport Canada

March 2022

2021 Monitoring Report – Executive Summary

Nunavut Water Board (NWB) Licence No. 1BR-RLF2030

**Executive Summary**

Transport Canada operates a land treatment unit at the Resolute Bay Airport located on Cornwallis Island, Nunavut. The land treatment unit was built to contain and treat contaminated soil excavated from locations on the airport property. On behalf of Transport Canada, Stantec Consulting Ltd. completed supervision and environmental monitoring activities at the Resolute Bay Land Treatment Unit, from July 25 to July 27, 2021. A local field assistant was employed to help with the work, including wildlife monitoring. The environmental monitoring program was carried out in accordance with the Nunavut Water Board (NWB) Licence 1BR-RLF2030.

Transport Canada will continue annual monitoring and maintenance at the land treatment unit in accordance with its NWB Licence and will provide operational updates, including plans for eventual site closure.
