Re: Water Licence Application for the CAM_F (Sarcpa Lake) Intermediate Dew Line Site Clean-up Project.

Dear Ms. Beaulieu:

The Department of Indian Affairs and Northern Development (DIAND) are submitting the enclosed water use application for the clean-up of the former CAM-F Intermediate DEW Line Site. Please find enclosed two copies of the application and supporting documents.

In 2004, DIAND completed site investigations at CAM-F under Land Use Permit Number N2004X0015 and Water Licence Number NWB5SAR0406. Due to a significant change in scope, a new application for the remediation activities is being submitted. It is expected that all existing approvals will be replaced by the new permits.

In addition to applying for a Water Licence, DIAND is also applying for an Inuit Owned Land Access Permit and a Land Use Permit

If you have any questions or comments, please do not hesitate to contact the Project Manager, Robert Martin, at (867) 979-3433.

Sincerely,

Lou Spagnuolo
