**RE: Supplemental information to the CAM F at Sarcpa Lake Approval Application**

Dear Ms. Bealieu,

A water use application for remediation work at the of CAM-F (Sarcpa Lake) intermediate DEW line site was submitted to the Nunavut Water Board on April 1, 2005

Review of the application was deferred until the contractors for the work had been selected and additional information was available.

Please find attached 3 copies and a CD of the additional information promised and also updates since the original submission.

If you have any questions or comments regarding this project, please do not hesitate to contact the Project Manager, Bob Martin at [martinro@inac.gc.ca](mailto:martinro@inac.gc.ca), or by telephone at (867) 979-7931.
