Subject: 1BR-SAR0607 Water License (CAM-F Sarcpa Lake)

Dear Ms. Plato:

The Nunavut Water Board ("NWB") acknowledges receipt of your letter dated June 26, 2008 requesting cancellation of the above noted water licence. However, based on the fact that this site will continue monitoring until the year 2032 it is necessary for the licence to remain in effect.

Please provide our office with a renewal application reflecting the monitoring aspect of this project. We will require the following:

- a) Three page application form
- b) Summaries in English and Inuktitut
- c) Cover letter
- d) Long Term Monitoring Plan (received on January 23, 2008)
- e) Any other submissions that pertain to the status of the site at this time

The NWB will also consider the 2007 annual report as part of this application. A copy is on file in our public registry.

This file will require the normal 30 day review prior to issuance of the licence. Any questions, please contact our office.

Regards,
