Hello Don,

Items B.1.iii; iv; vii; viii; ix; xi; xii; and xiii are not applicable to the monitoring program and therefore, there is not reporting associated with these items. Item B.1.x was included with the renewal application. Item B.1.iv will be provided. Regarding Items B.1.i – no water is used from the site. The 5-person monitoring team was on-site for 2 days, therefore bottle drinking water was provided and no other water was required. Item B.1.ii – typically sewage is deposited in a pit and the volume is not recorded.

Let me know if you need anything else.

Regards,
Eva
