Re: Application Pending Referral from an Authorizing Agency for Aboriginal Affairs and Northern Development Canada's "CAM-A Remediation" Project Proposal

Dear Natalie Plato:

The Nunavut Impact Review Board (NIRB or Board) received Aboriginal Affairs and Northern Development Canada's (AANDC) "CAM-A Remediation" project proposal from Aboriginal Affairs and Northern Development Canada's on October 16, 2012. The project proposal submission included the following documents:

- *NIRB Part 1 Summary Application Form in English*
- *NIRB Part 1 Summary Application Form in Inuktitut and Inuinnaqtun*
- *Maps*
- *Non technical Project Proposal summary in English*
- *Non technical Project Proposal summary in Inuktitut and Inuinnaqtun*
- *Aboriginal Affairs Northern Development Canada Land Use Plan Application*
- *Nunavut Water Board Water Licence Application*
- *Emergency Response Plans*

The NIRB conducts screening (environmental impact assessment) of project proposals upon referral from Government departments/agencies and Regional Inuit Associations responsible for authorizing the proposed project works or activities. Please be advised that it is the Proponent's responsibility to apply for all authorizations and approvals required to carry out the proposed project works or activities.

Once the NIRB receives a referral from an authorizing agency, the Board will screen the project proposal in accordance with Article 12, Part 4 of the Nunavut Land Claims Agreement and will report to the Government Minister(s) responsible for authorizing the project.

Further, upon receipt of the required referral, the NIRB will be undertaking a preliminary completeness check of your application.

If you have any questions or concerns, feel free to contact Natasha Lear, Environmental Administrator, at 867-983-4612 or via email at info@nirb.ca.

Sincerely,
