Hello Karén,

Thank you for the information. This application is the same as the NPC determination that was provided in November 2015. The scope has not changed.

Our file is currently under review with NIRB. You will find attached our NIRB application. The appendices for the Part 2 form will follow in a separate email.

Please let me know if you have any additional questions.

Subject: Re: replacement of application amendment

Hi Greg,

It seems the NPC made a decision with respect to the Amendment application from November, 2015.

The question is whether the Scope of amendment is now different from the one that was reviewed by NPC previously? If the answer is yes, the Application has to be reviewed again by NPC/NIRB before NWB start its

I hope this helps,

Hi Greg,

You should be advised that that due to recent regulatory changes in the Territory (NuPPAA legislation and amendments to NLCA) all project proposals, including amendments and renewals to/of existing projects shall be first assessed by Nunavut Planning Commission (NPC) and Nunavut Impact Review Board (NIRB) before the NWB licensing process. So you have to contact the NPC (info provided below) to see what they require for their review process.

While we can acknowledge the submission of your application package, the NWB can't process this before the completion of NPC/NIRB review process.
