Hello Richard,

Mr. Catalin Cenana, with QE, had sent this e-mail to Mr. Jonathan Mesher in June in response to his inspection (See attached).

We will address the Photo #4 in the drawings and take note of the monitoring data comments on the future reports.

Thank you,

Raquel

Subject: RE: Waste Information

Good afternoon Jonathan,

Please find below the information you requested:

Soil/waste storage pad

Area: 2,700 m²

Storage capacity: 6,000 m³

In storage as of June 3, 2021: 1,500 m³

Soil treatment pads

Area: 400 m² x 2

Treatment capacity: 450 m³ x 2

In treatment, as of June 3, 2021: A-Pad: 450 m³, B-Pad: 250 m³

Also please find attached the photographs showing the corrective measure applied to follow your visit.

The photographs showing the clear bermed separation inside the soil treatment pad will be sent on Monday as we didn't address yet one of the two entering points for the heavy machinery.

Should you have any questions or comments please don't hesitate to contact us.

Thank you and have a great weekend,

Catalin Cenán, B.Sc.Env.

Objet : Waste Information

Hello,

Thank you for assisting on the inspection earlier today, I am emailing you to request the current amount of soil in each cell at the landfarm and the capacities for each cell in metres squared.

Regards,

Jonathan Mesher
