Thanks Sean for your email and update on this transfer.

Please accept this email as indication from the Hamlet of Pangnirtung of our intent to accept the transfer and future responsibility for the Duval River Bridge.

Thanks and if you need anything further please let us know.

regards,

Ed

Hello Larry:

With respect to the application completed by the Hamlet of Pangnirtung (Hamlet) requesting that Licence No. 1BR-DUV1214 be assigned to the Hamlet, please note that the NWB will require the following information before the application could be processed:

- An assignment application that is completed and signed by the Licensee (DFO); and

- Written confirmation, in the form of an email or a letter, from the Hamlet of Pangnirtung indicating that it is willing to accept the undertaking in question as well as all associated responsibilities.

Should you have any questions, please contact me at your earliest convenience.

Regards,

Sean

Phyllis,

I'm trying to find out the status of the Hamlet of Pangnirtung's application to have the bridge transferred from DFO to them.

Do you have any information? I've include the document that Ron Mongeau stated he submitted to you back in August.

FYI, Ron is no longer working for the hamlet. Ed Murphy is the new SAO.

Thank You

Larry

Good day Larry, your query has been forwarded to the tech advisor on the file for his response. I would say the term requested should be identified in the application and will be taken into consideration by all parties, including the NWB. As for the requirement to develop a decommission plan, I request a response from the tech advisor, directed to yourself and cc'd to me.

Regards,

Phyllis,

Is it possible to get a permit for a long period ie 5 to 10 years without renewal?

The hamlet wants to keep the bridge operational for the foreseeable future and having to renew it yearly or so might be a problem.

If they want to essentially keep the bridge for perpetuity, would they still have to develop a decommission plan?

Thank You

Larry

Good day Larry. The only file I can locate that pertains to the Duval Bridge is the one attached. If the Hamlet wishes to take over this file it will need to be assigned to them. The appropriate forms are attached for your use.

Regards,

Phyllis Beaulieu
