As I explained that this Licence was transferred to Hamlet from DFO. After that this licence was once renewed. I have never submitted SCP and A&R Plan during last renewal.

Only other day I knew once I received those from you. Those documents are new to me.

The Scope of this licence was changed at the same time when the name was changed.

As I explained that A&R plan is related to this Crossing but SCP is not. This SCP is related to Harbour.

However, if you really require this site specific SCP, I need some time to prepare. Both water testing results if any available and site specific SCP, I am committing to submit within 2 (two) months from the date of renewal of this Licence.

Hope you understand my stress.

Thanks

Bhabesh
