Hello Bhabesh,

Thank you for providing the water licence renewal package for 1BW-DUV1520. The NWB has conducted the preliminary technical review and would like to request the following clarifications prior to commencing public review:

- the water licence application requests a 10-year renewal period; however, the NPC recommended a five-year term in its December 20, 2019 letter. The executive summary requests both a 5-year and a 10-year term. What is the Hamlet's request?
- the attached 2018 and 2019 annual reports review letter distributed by the NWB in April of this year requests that
 the Licensee provide a number of documents on or before June 30, 2020. To date, the NWB does not have a
 record of receiving these documents. Could you please provide them in order for the NWB to kick off the public
 review process?

Best regards, Assol
