Re: Document Requirement for the Pangnirtung Small Craft Harbour Project

Dear Mr. Kiriluck:

The Nunavut Water Board ("NWB") acknowledges receipt on June 19, 2009 of your new water license application for the Pangnirtung Small Craft Harbour Project, file number 8BW-PAN----.

On July 17, 2009 the NWB requested additional information which is still outstanding. This information includes the following:

- a) Completed Bridge and Culvert Questionnaire (copy attached for your convenience);
- b) An English and Inuktitut summary of the project;
- c) Confirmation (in writing) that a Nunavut Planning Commission conformity is not required;

It is our understanding that requested stamped and signed construction drawings for the culvert/channel installations are not available at this time. However, they are a necessary part of the application and will be required prior to our 30 day distribution to interested parties.

It is also noted that the application form submitted is unsigned. Please provide a **signed copy** either by fax or email, as soon as possible.

We will resume the processing of your application once we receive the requested information. Until such time as the necessary documents are received, this application is deemed incomplete for processing.

Please call the undersigned at (867) 360-6338 or email at licensing@nunavutwaterboard.org if you have any questions.

Sincerely,

Original signed by:

Phyllis Beaulieu
Manager of Licensing
