During the August 14 S	•	•	_	•	•				
			r used under this		0 1)				
2. The Truck used to haul the Water under this Authority (Photo 2)									
3. The Community Fire Hall under Construction (Photos 3 & 4)									
-	4. The Quantity of Water Used during the Construction process of the Community Fire Hall (Photo 5)								
5. The Approval Without a Licence # 1WLC-KFH1920 on Display in the Kudlik Construction Ltd Job Shack (Photo 6)									
SECTION 3	Comme			Compliance wit				on Required	
1. I have no concerns with the Source Location of the Water used under this Authority									
2. I have no concerns with the Truck used to haul the Water used under this Authority									
3. The Water used under this Authority was for the purpose of Constructing the Concrete Floor and Foundation of the									
-	Community Fire Hall. There will be no more Water Usage under this Authority as the Concrete Floor and Foundation								
Construction has been completed. The entire Construction Project is expected to be completed in November 2020.									
4. Kudlik Construction Ltd used a total of 7 Truck Loads of Water, each containing 5,000 Litres, for a Total Usage of 35,000									
=	Litres during the Construction of the Community Fire Hall								
5. The Approval	Without o	of License	# 1WLC-KFH1920) Documents we	ere on Di	splay as required,	Thank you		
As the Water Usage Portion of the Construction of the Community Fire Hall in Kugaaruk is now Complete, and by all my									
observations, Kudlik Construction Ltd did indeed follow all required Conditions during the Construction Period,									
I HEREBY RECOMMEND CLOSURE OF THIS APPROVAL WITHOUT A LICENSE # 1WLC-KFH1920						# 1WLC-KFH1920
