FYI, Nahanni has issued this letter and copied your management. We are still waiting on decisions in each territory and so cannot proceed to licencing. Timing is becoming critical, putting any reclamation at Lupin in 2019 at risk of being incomplete.

Your patience now and quick attention once a decision is issued is appreciated.

Don't hesitate to contact me should you have any questions or need to discuss further.

Sharleen

Hello Ryan/Shelagh,

Please see the attached letter regarding the permitting for the Lupin Mine winter road access.

If possible I would request an updated timeline for the permitting process as I would like to provide some direction to my client
