Subject: Coral Harbour Development Corporation – Caribou Harvest Project – Request for Screening – Renewal

The Nunavut Water Board received a renewal application on October 29, 2002 from the Coral Harbour Development Corporation for water use and waste disposal associated with the caribou harvest.

In accordance with S.11.5.10 of the *Agreement Between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in Right of Canada*, this project proposal was first sent for review to the Nunavut Planning Commission (NPC) for their review. As indicated in an email forwarded to this office by NPC dated November 21, 2002, this review is now complete and proper documentation will be forwarded in the near future.

In accordance with Articles 12 and 13 of the *Agreement Between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in Right of Canada*, this project shall be screened by the Nunavut Impact Review Board to determine whether it has significant impact potential, and whether it requires review, before the application can be processed by the Nunavut Water Board.

The application documents are available through the internet on our ftp site at <ftp://ftp.nwb.yk.com> in the folder “NWB4SOU0002.”

Please let our office know when we can expect your screening report so that we can set our deadlines accordingly. In reviewing our files, this application was previously screened by NIRB in February 2000, your file OOWRO69.

Sincerely,
