Re: Commercial Caribou Harvest on Southampton Island
NIRB: 02CN123 NWB4SOU0002

Enclosed is the completed NIRB Screening Decision Report for the application for a Application for Water Permit for Commercial Caribou Harvest at Southampton Island, NU.

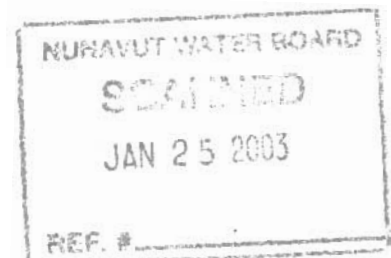

NIRB has screened this application for ecosystemic and socio-economic impacts of the proposal.

(a) the proposal may be processed without a review under Part 5 or 6; NIRB may recommend specific terms and conditions to be attached to any approval, reflecting the primary objectives set out in Section 12.2.5;

Please contact me, Environmental Assessment Officer II Trainee at (867) 983-2593 if you have any questions about the Screening Report.

Yours truly,

David Sateana
Environmental Assessment Officer II Trainee

021217 NWB4504 NIRB Screening - ILAE

ᓄᓇᑖᓐ ᑖᑦᑎᑦᓂᓐᑖ ᑲᑎᓴᓐ/NUNAVUT IMPACT REVIEW BOARD/NUNAVUTMI KANOGILVALIANIKOT ELITTOHAIYEOPLOTIK KATIMAYIIT

Reasons for Decision:

NIRB's decision is based on specific considerations that reflect the primary objectives of the Land Claims Agreement. Our considerations in making this decision included:

- storage and disposal of chemicals, fuel, garbage, sewage, and gray water, and impact of these on the ecosystem;
- disposal of waste caribou carcasses and the impact on the ecosystem and future health of the population;
- the potential impacts to the terrain from equipment and vehicles which may cause rutting and erosion;
- the impact of activities on archaeological sites or cultural landmarks in the area;
- community support for the project; and
- clean up/restoration of the camp site upon abandonment;

Terms and Conditions:

- That the terms and conditions attached to this screening report will apply.

Fuel and Chemical Storage

1. The Permittee shall ensure that fuel storage containers are not located within thirty (30) metres of the ordinary high water mark of any body of water.
2. The Permittee shall ensure that the transportation of fuel shall be done in compliance with the *Transportation of Dangerous Goods Act and Regulations* requirements.
3. The Permittee shall take all reasonable precautions to prevent the possibility of migration of spilled petroleum fuel or chemicals over the ground surface.
4. The Permittee shall have one extra fuel storage container on site equal to, or greater than, the size of the largest fuel container.
5. The Permittee shall examine all fuel and chemical storage containers for leaks a minimum of once every day.
6. The Permittee shall repair all leaks immediately.
7. The Permittee shall have emergency response and spill contingency plans for fuel transfer and storage as well as any other hazardous liquids at the site in place prior to the commencement of the land use activity.
8. The Permittee shall immediately report all spills of petroleum and hazardous chemicals to the twenty-four (24) hour spill report line (867) 920-8130.

Waste Disposal

9. Wastes from healthy caribou (eg. internal organs, hides) are to be transported back to the local dump for burial in the permafrost.
10. The Permittee shall not discharge or deposit any refuse substances or other waste materials in any body of water, or on the banks thereof, which will impair the quality of the waters of the natural environment.

T-748 P.008/006 F-777

26. The Permittee shall remove all scrap metal, unneeded assembly components, tools and keys, buildings and building material upon abandonment.

Other Recommendations

1. NIRB would like to encourage the proponent to hire local people and services, to the extent possible, and to continue consult with local residents regarding their activities in the region.
2. Any amendment requests deemed by NIRB to be outside the original scope of the project will be considered a new project.
3. That the Dept. of Fisheries and Oceans, Dept. of Environment, Nunavut Water Board and Nunavut Impact and Review Board should be advised of any material operation conditions or changes to plans associated with this land use activity.

Validity of Land Claims Agreement

Section 2.12.2

Where there is any inconsistency or conflict between any federal, territorial and local government laws, and the Agreement, the Agreement shall prevail to the extent of the inconsistency or conflict.

Dear Ms. Copland:

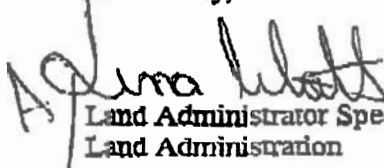

Re: Land Use Application # N2002J0042
Type of Operation: Campsite & Caribou Harvest
Location: Coral Harbour Area

Pursuant to Article 12.3.5 of the Nunavut Land Claim Agreement, I am forwarding the above Land Use Application for screening purposes.

All future correspondence produced by your office should be copied to this office and should also refer to the above application number.

Please be advised that this office has invoked Section 25(1)(b) of the Territorial Land Use Regulations on this application to allow you further time to review the application. Our office has up to 42 days from the date of receipt of the application to issue the permit. The permit must be issued on or before January 27, 2002, therefore we require your comments and recommendations by January 22, along with your screening decision. If you find that you cannot complete your assessment by the 42nd day, then you must advise us to invoke Section 25(1)(c) of the Territorial Land Use Regulations which will provide you additional time as outlined in Articles 12.4.5 (b) or (c). Please be advised that requests for 25(1)(c) must be accompanied with environmental reasons on why the extra time is required as well as approximate dates for completion of the screening.

Yours truly,

Dear Mr. Connelly,

RE: Application for Land Use Permit: N2002J0042
Type of Operation: Campsite & Caribou Harvest
Location: Coral Harbour Area, Keewatin, Nunavut

Your application dated November 19, was received in this office on December 11, 2002..

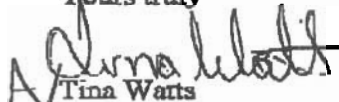

In all future Land Use correspondence on the above project, would you please refer to file number N2002J0042.

This is to inform you that the Keewatin Regional Land Use Plans came into effect on June 20, 2000. Therefore, pursuant to Article 11.5.10 of the Nunavut Land Claim Agreement, all applications for project proposals falling within the areas covered by this plan must be reviewed by the Nunavut Planning Commission (NPC) to determine conformity with the plans before they can be accepted by this department.

The above application you submitted to this office was forwarded to the NPC for their review and was approved according to the Regional Land Use Plan for the area you wish to conduct your activities.

Please be advised that I am invoking Section 25(1)(b) of the Territorial Land Use Regulations to allow further time to process your application.

Yours truly

Tina Watts
