Richard Dwyer
Licensing Trainee
Nunavut Water Board
P.O. Box 119
Gjoa Haven, NU X0B 1J0

Dear Mr. Dwyer:

**RE: NWB4SOU0305 Coral Hbr. Development Corp.
Southhampton Island Commercial Caribou Harvest Project**

Thank you for the opportunity to review the application for license renewal of the water use and waste disposal associated with harvesting and camp operations for the Southhampton Island Commercial Caribou Harvest Project, in the Kivalliq region.

The Marine Safety Branch of Transport Canada has the responsibility to coordinate the Navigable Waters Protection Program (NWPP) and the regulatory legislation under the Navigable Waters Protection Act (NWPA). As part of Transport Canada's duties this application for license renewal was forwarded to the NWPP for review. NWPP has reviewed the application documents and determined that there is no navigational concern or mitigation required for this project, as the water intake is through the ice.

Sincerely,

John R. Cowan
