LICENCE AMENDMENT No. 1

Licensee:	Aiviit Hunters and Trappers Organization
Licence No:	1BF-SOU0709 Type "B"
Licence Issued:	February 5, 2007
Effective Date:	October 24, 2007

Pursuant to its authority under Article 13 of the *Agreement between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in Right of Canada and the Nunavut Waters and Nunavut Surface Rights Tribunal Act ("NWNSTRA")*, the Nunavut Water Board hereby grants the following licence amendment.

The License was issued February 5, 2007 with an expiry date of December 31, 2009. Upon receipt of a letter from the Government of Nunavut, Department of Environment, Policy Planning and Legislation, clarifying the project and presenting historical information on the project, the NWB determined that additional review was required pursuant to Sec. 43(1)(b)(iii) of the *NWNSTRA*. On March 12, 2007, the NWB distributed the information to interested persons for further review.

Having reviewed and taken into consideration the representations made by interested persons, the NWB determined that Licence 1BF-SOU0708 shall be amended to include the following terms and conditions, with respect to use of water and deposit of waste during camp and commercial caribou harvest operations, to allow the Aiviit Hunters and Trappers Organization operation of a temporary camp and harvest activities in the Kivalliq Region, Nunavut.

The licence shall be amended as follows:

All items of Part D shall be replaced with the following conditions.

PART D: CONDITIONS APPLYING TO WASTE DISPOSAL

1. The Licensee shall remove all waste associated with the commercial harvesting of caribou, including all non-edible condemned animals or portions thereof, viscera, heads (antlers removed) and hides, to an approved disposal facility, to be buried immediately upon receipt.
2. The Licensee shall ensure that all contaminated snow and ice from the harvesting tent is cleaned up, placed in plastic bags for removal and disposal of as in Item 1.
3. The Licensee shall collect all camp sewage for removal and disposal at an approved sewage treatment facility.

4. The Licensee shall provide to the Board, documented authorization and agreement between the Licensee and the Hamlet of Coral Harbour, delineating disposal practices, prior to the backhauling of any waste for disposal.
5. The Licensee shall maintain records of all waste backhauled and records of confirmation of proper waste disposal. These records shall be made available to an Inspector upon request.
6. The Licensee shall not practice open burning or on-site land filling of domestic waste, unless otherwise approved by the Board.
7. The Licensee is authorized to dispose of all acceptable food waste, paper waste and untreated wood products in an incinerator.
8. The Licensee shall dispose of all hazardous wastes, waste oil and non-combustible waste generated through the course of the operation in an approved waste disposal site.
9. The Licensee shall contain all greywater in a plastic tank to facilitate disposal in an on-land sump located at a distance of at least thirty (30) metres above the ordinary high water mark of any water body, at a site where direct flow into a water body is not possible and no additional impacts are created, unless otherwise approved by the Board.
10. The proponent shall ensure that any hazardous material, including waste oil, receive proper treatment and disposal at an approved treatment facility.

PART E: CONDITIONS APPLYING TO CAMPS, ACCESS INFRASTRUCTURES AND OPERATIONS

Amend

- Item 1 The Licensee shall not erect camps or store material on the surface of frozen streams or lakes and shall ensure that the temporary camp used for the purposes of this Licence, is located and operated in such a manner as to prevent the entry of any contaminants into a water body and no additional impacts are created.

Insert

- Item 5 The Licensee shall utilize drip pans and secondary containment measures where fuels are used in order to prevent the entry of any contaminants into any water body and no additional impacts are created.

PART G: CONDITIONS APPLYING TO SPILL CONTINGENCY PLANNING

The Plan under Part F is to be revised as per Part F, Item 2 to include, where applicable, information presented in the comments received during the application review process. The Plan shall be revised to meet Part G, Item 1.

All remaining terms and conditions of Licence 2BF-SOU0709 Type 'B' dated February 5, 2007 still apply.

This Licence No. 1BF-SOU0709 Amendment No. 1, issued and recorded at Gjoa Haven, NU on October 24, 2007.
