Re: Indicator Minerals Inc. – Barrow Project – New Type “B” Water Licence

KIA has reviewed the above mentioned water licence application documents submitted by Indicator Minerals, and at this time, finds the application to be satisfactory.

KIA recognizes consultation efforts made by Indicator Minerals in Kugaruuk addressing issues of concern to the community including hunting and fishing grounds affected by project activities. Continued consultation should occur in Kugaruuk and the proponent should ensure local people and contractors are involved in this project to the extent possible

Please contact us if you have any questions.

Sincerely,

Kevin Tweedle
Lands and Water Technician
