

DE BEERS CANADA EXPLORATION INC.

FIGURE 1: ACCOMPANIES ARCHAEOLOGIST'S LETTER - OCTOBER 2003

The proposed campsite is shown above, approx. 1.5km from the Knife Lake exploration area. Archaeological Site #7, on the opposite shore, is the closest site, and would be unaffected by camp activities. The remaining 6 Arch-Sites are approx. 3km away from the proposed campsite, in areas where no disturbance is planned. An archaeological field survey is to be conducted around the camp in summer 2004.
